# Join Scratch

If you join Scratch, your project will automatically be saved on the server and you will not lose your programs when the browser's window is closed.

Do it

Click on the "Join" button:

Join Scratch

And then create your account:

The image shows the Scratch 'Join Scratch' form. At the top, it says 'Join Scratch' with a close button. Below that, it says 'It's easy (and free!) to sign up for a Scratch account.' There are three input fields: 'Choose a Scratch Username', 'Choose a Password', and 'Confirm Password'. A blue tooltip points to the username field with the text 'Don't use your real name'. At the bottom left is the Scratch cat logo. At the bottom right is a 'Next' button. A progress bar at the bottom shows steps 1, 2, 3, 4, and 5, with step 1 being the current step.
